# TERESA MARENGO

## 2024 · ZINFANDEL

### TASTING NOTES

Our Nonna cooked with passion, fed with abundance, and lived with joy. This Zinfandel is her wine: full-bodied, intensely flavored, and bursting with personality. It's for the gatherings that turn into celebrations, where the food is plentiful and the laughter is lively. Bold aromas of boysenberry, black pepper, ripe plum, and tobacco open this full-bodied wine. The palate is rich and jammy, offering flavors of plum, raisin, baking spice, cherry, and anise, all supported by firm tannins that give this wine structure and depth.

For our family, quality time has always meant cooking together and lingering over an elaborate meal. So many of those memories were spent at the table of our Nonna, Teresa Marengo. She was a tiny Italian woman whose love of cooking was matched only by her love for those she fed. These food-friendly wines come from the vineyard where Teresa once lived, so it felt natural to name our collection after the woman who loved to feed us all. For our Nonna - who taught us that the best wines, like the best meals, are meant to be shared.
